

ESTIMATOR

EQUS REA LTD. provides safe and reliable electric distribution services to commercial and industrial developments, oil and gas operations, telecommunication towers, production facilities and farms throughout 26 Alberta municipal districts and counties. Serving 11,800 members, EQUS is the largest member-owned utility in Canada. As the electrical provider of choice in rural Alberta, EQUS provides comprehensive distribution services with a 99.9% reliability rating.

EQUS is seeking an Estimator to join our South Area team. The Estimator is responsible for the oversight and management of member construction requests including new services, service moves, and upgrades. As the initial main point of contact, the Estimator plays a critical role in establishing strategic and tactical solutions to respond to member and potential member requirements. The incumbent must maintain sound relationships with external stakeholders and work closely with EQUS staff members and work leaders responsible for the deliverables.

Duties

- Respond to service requests from prospective members and counties with the EQUS time frame standard;
- Travel to rural sites within the EQUS service area and/or other service areas as may be required from time to time;
- Organize and prioritize external appointments effectively to reduce travel time;
- Meet with potential members or other stakeholders (if necessary) to assess the project and configure project details;
- Provide member or new service with overview of project costs to reach a move-forward agreement;
- Complete necessary documentation and submit to appropriate internal departments ensuring that any special order items contained within a project quote are clearly identified, documented and ordered, upon project sign-off;
- Complete on-site project staking (once timelines are established) and obtain final approval/sign-off from member/new service;
- Continue as a liaison for complex projects to maintain sound relationship between EQUS and member;
- Represent EQUS at stakeholder meetings, if required (e.g., meetings with county officials regarding projects, etc.);
- Required to follow EQUS Safety Program.

Review and approval of work

This position reports to the Area Manager

Job Requirements

- Must hold and maintain a valid Class 5 Drivers License;
- Strong computer skills;
- Demonstrated ability to build strong partnerships and maintain exceptional customer service;
- Ability to communicate effectively and work within a team environment;
- Demonstrated multi-tasking abilities and strong organizational skills;
- Familiarity with Legal Survey Description (LSD) an asset;
- Good safety record.

Education and Experience

- Minimum completion of High School diploma or equivalent;
- Previous experience in the electrical or utility industry;
- Previous experience with GPS inputting and GPS and mapping systems would be an asset.

Compensation

EQUS strives to attract and retain highly skilled talent and expertise vital to our organization's success. We offer competitive wages, a comprehensive benefits package, and excellent opportunities for development and growth.
